

The Bankers Lofts Apartments & Commercial Space

407 Main Street, Johnstown PA

Investar's newest downtown Johnstown project is The Bankers Lofts – a mixed-use development featuring 1st floor commercial space and four loft style apartments. The Bankers Lofts are located next to Johnstown's City Hall in the historic Moxham Bank Building. This Beau Arts style building was completed in 1920 for the Farmers Trust and Mortgage and later was used by the Johnstown Savings Bank and the Moxham National Bank. The units bring a new level of affordable modern living to Downtown Johnstown's national historic district.

An inspired design by the EADS Architects incorporates a contemporary approach to this historic urban building. The units provide convenient, comfortable and modern living in a historic space. The functionally designed floor plans incorporate the historic elements of the property and will be environmentally friendly, stylish and comfortable, all with views of the Downtown landscape.

The one and two bedroom units are filled, but contact Investar for more information about the units or to be placed on a waiting list. Residents enjoy the convenience of downtown living without sacrificing amenities. Each unit has approximately 1,000 square feet of newly created living space complete with central heating & A/C, in unit laundry & all appliances. The 2 bedroom units are unfurnished & the 1 bedroom units are furnished. Centrally located in downtown, residents have everything nearby, including dining, shopping, entertainment, markets, festivals and sporting events, and of course easy travel to Downtown job opportunities. The Bankers Lofts are located within walking distance of the Cambria County War Memorial Arena, Pasquerilla Conference Center, the Holiday Inn, the Inclined Plane, Central Park, Flood Museum, CamTran Transit Center, Festival Park, Ideal Market, the Downtown Farmers Market and over 300 downtown businesses.
